

TRI•ACTIVE

Beauty Under a New Light

Dermodynamic

# OBJECTIVE:

a perfect figure.

**Tri•Active** is the result of DEKA 's new technology based on the combination of three different methods capable of restoring a normal balance to your skin.

This treatment is designed to dramatically reduce the appearance of cellulite through the combined action of a localized cooling system, rhythmic massage and deep laser stimulation.

SMOOTHING AND TONING

TIGHTENING

MODELLING

# RESULT:

a body  
always in shape.

Cellulite and Dermodynamic method.

The deep massaging and stimulating action on the subcutaneous tissue allow toxin elimination and tissue oxygenation, thus creating a smoother appearance of the skin.

## 1 STIMULATION

The laser action stimulates blood micro circulation within the veins and arteries while also increasing lymphatic capacity.

## 2 COOLING

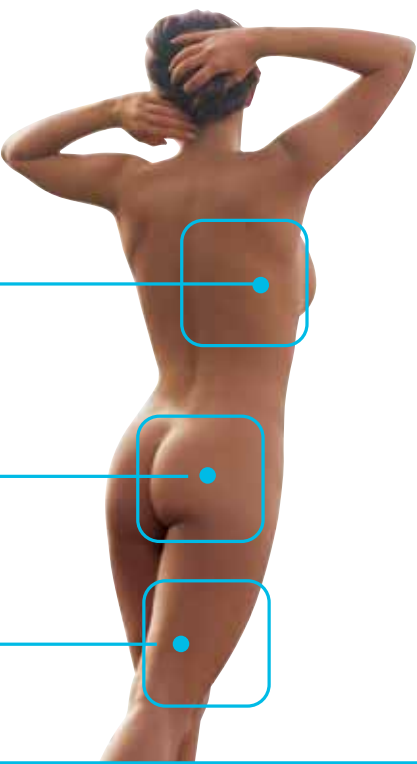

Cryotherapy aids in cellulite reduction by reducing oedema and stimulating vascular activity in combination with the laser.

## 3 MASSAGE

A penetrating massage stimulates lymph-drainage that provides greater elasticity and flexibility to the skin.

**TRI•ACTIVE.**  
**A THREE-FOLD ACTION**  
**AGAINST CELLULITE.**

Created from this evolved technology,  
is a simple way to combat cellulite.

Special hand-pieces are ergonomically designed to offer easy-treatment of both small and large areas. The **Tri•Active** system provides positive clinical answer to the treatment of cellulite, the reduction of fatty deposits and supports therapy for liposuction.

The **Dermodynamic** method, developed to treat all different body types, allows for a clinically appreciable reduction of cellulite, a decrease of circumferences and plicometry and an increase in skin elasticity. These results can be visibly detected with the use of a thermographic picture.

## A unique and innovative **TECHNOLOGY** for a beautiful face

**A** radiant appearance at any age. **Dermodynamic** is a unique treatment worldwide. **Tri•Active**'s exclusive innovation uncovers a glowing beauty to your skin. With just a few delicate strokes, **Tri•Active** enhances the appearance of your skin by stimulating cellular renewal to visibly refine the skin's surface. The lines on your face relax and the tiny wrinkles disappear.

Your skin regains its original splendor, becoming velvety, smooth and radiant. Perfect to touch and look at in any light.

### A glowing appearance

A young, radiant and tonic expression. The area around your eyes will acquire a young, fresh appearance.

### A splendid face.

The disappearance of wrinkles and the intense relaxing action on the skin help remodel your face. An evident facelift that spreads from your neckline to your throat, from the corners of your mouth to the eye area, thanks to the complete range of Face-Tips.

### New tone for your skin.

Thanks to the stimulating action on the collagen structures, the deep massaging effect laser-activated oxygenation, your skin will appear more relaxed and balanced with a fresh glow.

## TECHNICAL DATA

Type of laser	Semiconductor
Wavelength	808 nm
Power	6x1W (max)
Localized cooling system	20° C (min)
Intake system	Frequency 0.2 ÷ 5 Hz - Duty cycle 20 ÷ 80%
Electric supply	230 Vac/2.5 A (max)/50/60 Hz
Dimensions	120 cm (47") (H) - 48 cm (19") (W) - 60 cm (24") (L)
Weight	40 Kg (88 lbs)

## MAIN APPLICATIONS

- TONING AND SMOOTHING SKIN AND IMPROVING ELASTICITY
- ELIMINATING TOXINS AND FLUID RETENTION
- MINIMIZE CELLULITE
- TIGHTENING AND MODELLING AFTER LIPOSUCTION
